

# Choice Crêpe Bites

Tired of the same ol' snack?

Why not try something

Deliciously Different!

*Prime Choice Foods*, the same company you trust for high quality organic and natural snacks, introduces new *Choice Crêpe Bites*.

We combine **wholesome wheat, oat, and corn flour** into a great tasting snack with a distinctively tender crunch. With a variety of delectable flavors such as **Mocha, Sugar & Cinnamon, and Strawberry**, it's a snack the entire family will enjoy.

*Choice Crêpe Bites* are made with natural ingredients for a truly satisfying snack experience. The tender "bite" that is uniquely characteristic of this snack provides the basis for not only its name, but a whole host of flavor possibilities as well. Unlike most corn based snacks, *Choice Bites* are a great carrier for both sweet and savory flavors, making this a truly distinctive snack!
